Head & Neck Squamous Cell Carcinoma of Unknown Primary

Multidisciplinary Consensus Day

MORNING SESSIONS

TIME	SESSION	PERSONNEL
08:00 to 08:05	WELCOME	President of ENTUK HN Soc: Sanjai Sood
08:05 to 08:15	INTRODUCTION AND SIGNPOSTING	Vinidh Paleri
08:15 to 08:30	Patient experience of HNSCCUP in 2020	Liam Flood interviewed by Jo Patterson
08:30 to 10:10	SESSION 1: BECOMING A RADIOLOGICAL UNKNOWN PRIMARY	Chair: Sanjai Sood
	(Investigations before diagnostic biopsies)	
	NBI in the unknown primary	Costa Repanos
	Core vs FNAC, inc p16 and flow cytometry	Ann Sandison
	Radiological investigations for the unknown primary	BSHNI rep1TBC
	Retrospective (National Audit) & Prospective (MOSES) imaging investigations data	INTEGRATE representative
	Chair to introduce statements and sub-chairs for breakout rooms (virtual and face-to-face)	Sub-chairs: Shane Lester, Max Robinson, TBC
	Consensus statements and votes	
10:10 to 10:25	Break	
10:25 to 11:40	SESSION 2: BECOMING A HISTOLOGICAL UNKNOWN PRIMARY	Chairs: Stuart Winter and Preeta Chengot
	(Diagnostic biopsies before starting treatment)	
	Role for non-oropharyngeal biopsies in HNSCCUP	Conor Bowe and Montey Garg Supervised by Jemy Jose
	Indications for oropharyngeal biopsies	Noemi Kelemen and Rachel Thomas, supervised by Shane Lester
	Benefit of finding the primary site	Tommi Tornari and Hiro Ishii Supervised by Hugh Wheatley and Ketan Shah
	Retrospective (National Audit) & Prospective (MOSES) surgical pathway data	John Hardman
	Prospective (MOSES) functional, complications and LoS data	Grainne Brady
	Prospective (MOSES) histological outcomes data	Max Robinson
	FIND trial	John de Almeida
	Interpretation of TBM results from oncologist's perspective	Kevin Harrington
11:40 to 11:55	Break	
11:55 to 12:55	SESSION 2 cont.	
	Chairs to introduce statements and sub-chairs for breakout rooms (virtual and face-to-face)	Sub-chairs: Jarrod Homer, Chris Jennings, Preeta Chengot
	Consensus statements and votes	
12:55 to 14:00	Lunch

Head & Neck Squamous Cell Carcinoma of Unknown Primary

Multidisciplinary Consensus Day

AFTERNOON SESSIONS

TIME	SESSION	PERSONNEL
14:00 to 15:30	SESSION 3: TREATMENT FOR THE UNKNOWN PRIMARY	Chairs: Frank Stafford and Ricard Simo
	(After final MDT diagnosis)	
	3a: Neck dissections	
	Who can be offered surgery as the sole modality?	Arun Takhar Supervised by Emma King and Dev Srinivas
	Retrospective (National Audit) & Prospective (MOSES) therapeutic surgery data	INTEGRATE representative
	Does a neck dissection offer useful information to tailor (C)RT	TBC
	Chairs to introduce statements and sub-chairs for breakout rooms (virtual and face-to-face)	Sub-chairs: Emma King, Dev Srinivas, TBC
	Consensus statements and votes	
15:30 to 15:45	Break	
15:45 to 17:25	3b: (Chemo)radiation	Chairs: Kevin Harrington and Tom Roques
	Radiation fields at primary site in +/-TBM scenarios	Oncology trainee Supervised by Christina Wilson and Mehmet Sen
	Radiation fields to neck for N stage/HPV status/ENE	Oncology trainee Supervised by Shahid Iqbal and Claire Paterson
	Retrospective (National Audit) & Prospective (MOSES) (C)RT by primary and neck stage data	INTEGRATE representative
	Functional outcomes after bilateral neck RT	Joanne Patterson
	Chairs to introduce statements and sub-chairs for breakout rooms (virtual and face-to-face)	Sub-chairs: Paul Pracy, TBC, TBC
	Consensus statements and votes	
17:25 to 18:00	SESSION 4: ESTABLISHING DELPHI ITEMS AND FUTURE RESEARCH DIRECTIONS	Chair: Vinidh Paleri
	Summary of votes from 3 previous sessions	
	Future research direction	
18:00	CLOSE
