

Endoscopic 3D Transoral Anatomy Dissection

21st January 2025

Anatomy &
Surgical Training
Centre

NEW FEATURE:
Personalised
Transoral VR Tutorial
Experience

Keele Anatomy and Surgical Training Centre, Keele Medical School, Keele University

Interactive dissection and learning covering the following procedures:

- Transoral lateral oropharyngectomy
- Mucosectomy
- Transoral base of tongue resection
- Supraglottic laryngectomy

Diverse expert faculty

Course fee **£700** for one day of dissection

“Innovative teaching methods that harness new technology, original data and an expert faculty is the secret sauce for this hugely successful hands-on course. Rapidly becoming a must-do in the curriculum for both the novice and experienced surgeon venturing into transoral surgery.” - Professor Vin Paleri
